Summer Information and Rules:

- **Recreational Swimming:** Recreational swimmers may use the deep end (when it is available), and the lap lane closest to the Center lobby. Depending on demand, a second lane may be opened by a PCC staff member for additional recreational use.
- **Lap Swimming:** More than one person may use a lap lane. If two people are using a lane, "split the lane" (swim on one side of the black line only, while the other swimmer remains on the other side). If more than two people are using the lane, "circle swim" counterclockwise (swim to the right of the black line).
- Children who are not toilet trained must wear a disposable swim diaper **with** a reusable swim diaper over to prevent any leakage. Even still, if a child has a fecal release, they will need to be removed from the water immediately. If any fecal matter is released into the pool water, in most cases the pool will be closed anywhere from 1 to 24 hours depending on the Health Department's direction.
